## **Lectures: Future of Climate Engineering. Is Science Ready to Turn Down the Heat**

**21. October 2015, Seattle/USA**

"Our evening begins with an introduction to the science of climate change and the current state of the world's climate by prominent researcher Dennis Hartmann. Internationally renowned scientists David Keith and Thomas Ackerman follow to explain and contrast the two approaches to SRM. The evening concludes with a Q&A session moderated by Roel Hammerschlag, engaging our presenters and audience members in an exploration of the science, technology and ethics of SRM."
