

Climate Engineering Newsletter for Week 45 of 2018

Upcoming Events

- [10.-14.12.2018](#), Conference: AGU Fall Meeting 2018, Washington DC / USA
- [11.-13.03.2019](#), Conference: Scenarios Forum 2019, Denver, CO / USA
- [18.-21.03.2018](#), Conference: Geoscience & Society Summit, Stockholm / Sweden
- [19.-23.03.2019](#), Workshop: Climate Change Impacts and Risks in the Anthropocene (C-CIA), Riederalp, Canton of Valais, Switzerland

Calls & Deadlines

- [10.01.2019](#), Call for Abstracts: Ocean-based negative emission technologies: Feasibility, costs and side-effects (EGU)
- [18.01.2019](#), Fellowship Program at Harvard University

Jobs

- ([no deadline](#)), Job at University of Virginia

Publications

- [Eufrasio-Espinosa, R.; et al. \(2018\)](#): The UK Path and the Role of NETs to Achieve Decarbonisation
- [Markusson, N.; et al. \(2018\)](#): Towards a cultural political economy of mitigation deterrence by negative emissions technologies (NETs)
- [Emmerling, J.; et al. \(2018\)](#): Exploration of the interactions between mitigation and solar radiation management in cooperative and non-cooperative international governance settings
- [Duan, L.; et al. \(2018\)](#): Comparison of the Fast and Slow Climate Response to Three Radiation Management Geoengineering Schemes
- [Fasullo, J.; et al. \(2018\)](#): Persistent polar ocean warming in a strategically geoeingeneered climate
- [Geden, O.; et al. \(2018\)](#): Targeting carbon dioxide removal in the European Union

Political Papers

(no new political papers)

Projects

(no new projects)

Selected Media Responses

- [SingularityHub](#): Y Combinator's Search For a Climate Change Unicorn
- [Vox](#): How to cool the planet with a fake volcano
- [arsTECHNICA](#): Geoengineering could stop warming but comes with side of sea-level rise
- [Union of Concerned Scientists](#): Geoengineering: Scarier than a Zombie Apocalypse? (Podcast)
- [CarbonBrief](#): Solar geoengineering may not halt ocean warming, study says
- [Chemistryworld](#): Negative emissions technology needed to remove CO2 and head off climate change
- [Ecologist](#): Solar geoengineering could provide 'temporary fix'
- [scinexx.de](#): Geo-Engineering: oceans are getting warmer (german)
- [BerkeleyLaw](#): Negative Greenhouse Gas Emissions, the National Academies, and the Law (blog)
- [Khaleej Times](#): Try a new growth model to save earth
- [CarbonBrief](#): Negative emissions: Scientists meet in Australia to discuss removing CO2 from air
