

Kiel, 11. March 2014

## **[press review] CE effectiveness/side effects (on Keller, et al. (2014)) [update 11.03]**

Press review on media responses to [Keller, David P.; et al. \(2014\)](#).

**25.02.**

[GEOMAR Kiel](#): Press release

[live science](#): Geoengineering Ineffective Against Climate Change, Could Make Worse

[dna india](#): Climate engineering is not working: Researchers

[The Carbon Brief](#): Climate engineering may do more harm than good, according to new research

[ScienceDaily](#): Climate engineering: Minor potential, major risk of side-effects?

[Institution of Mechanical Engineers](#): Institution responds to new climate engineering research

[NDR](#): Scientists warn about Climate Engineering (German)

[Schaumburger Nachrichten \(dpa\)](#): The climate cannot be saved (German)

[Frankfurter Rundschau](#): Scientists: Manipulation on climate is not efficient but dangerous (German)

[N24](#): Climate Interventions are Dangerous (German)

(A wide spectrum of lokal and regional German newspapers: Saarbrückener Zeitung, Neue Presse, Süd Kurier, Lausitzer Rundschau, Weser Kurier, Frankfurter Neue Presse, Berliner Zeitung, HAZ, Allgemeine Zeitung Coesfeld, Aachener Zeitung, etc.)

**26.02.**

[The Sydney Morning Herald](#): Geo-engineering no solution to dangerous climate change, study finds

[natureasia.com](#): Climate science: A spanner in the works for climate engineering

[Science Alert: Experts Respond](#): Exploring the side effects of geoengineering – experts respond

[eco news](#): Study says geo-engineering no climate solution

[DRadio Wissen](#): Scientists warn about Climate Engineering (German)

[scinexx](#): More damage than benefits (German)

[The Green Optimistic](#): Geoengineering Likely to Worsen Climate Change, Not Fight It

[Common Dreams](#): Geoengineering: Path Towards Further Climate Chaos

**27.02.**

[Der Standard](#): Climate Engineering: Prevention is better than tinkering (German/Austrian)

[The China Post](#): Study reveals geo-engineering is not an easy way to stop climate change

[The Daily Star](#): Geoengineering no quick fix in fight against warming

[Süddeutsche Zeitung](#): The last trail (German)

**03.03.**

[environmental research web](#): Climate Engineering: minor potential, major side effects

[Engineeringnet.be](#): Geoengineering has little impact on climate (Dutch)

**07.03.**

[climate news network](#): Climate technofixes ‘will not work’

**10.03.**

[Climate State](#): Geo-engineering (Climate-engineering) ‘will not work’

**11.03.**

[Earth Changes](#): Geoengineering Ineffective Against Climate Change, Could Make Worse

[Klima der Gerechtigkeit](#): Climate Engineering ineffective and dangerous (German)

Linked to: [risks](#)
